Subdivision Lots 6 and 7 of Section 28 in D.P 759091

Dear Ted,

Further to discussion today and previous email correspondence, please find attached proposed plan of subdivision of lots 6 and 7 of section 28 in D.P 759091.

Also attached is DA application made by Central Darling Shire Council (CDSC)

As discussed, in the event of available funding and construction of a new sewer pump station on the proposed lot, Council could offer connection to the sewer for the safe houses by gravitational flow, in lieu of the existing electric pump system currently in place. This could present a financial saving and maintenance saving to your Department.

Should NSW Aboriginal Housing Office be amenable to the subdivision as depicted in the plan of subdivision provided, CDSC agrees to meet all legal and associated costs involved.

Should you have any further queries, please do not hesitate to contact the undersigned in the first instance by telephoning 08 8083 8900 or 0429 915 992.

Yours Faithfully,

Reece Wilson
Director Shire Services
