

25 June 2025

PUBLIC NOTICE - White Cliffs Water Restrictions

All residents and visitors are advised that the following water restrictions will apply in White Cliffs, commencing Friday 27 June 2025.

Due to drought conditions, limited above ground storage and minimal rainfall expected, consumers are urged to minimise water usage.

Level 3 Restrictions are as follows:

- **Watering systems**, non-fixed sprinklers, handheld hoses, micro sprays, drip systems, soaker hoses **on Wednesday, Friday and Sunday only.**
- **Watering between 6am and 9am and 6pm and 9pm.**
- **Washing vehicles** by
 - (a) means of a bucket or watering can filled directly from a tap (and not by means of a hose); or
 - (b) By means of a trigger hose, used only for the purpose of wetting, and rinsing a vehicle after it has been washed; or
 - (c) To clean inside a tank of a tanker vehicle by means of a trigger hose, where such cleaning is necessary either to avoid contamination of the tanker's contents or to ensure public safety.
- **Construction Activities** - water may only be used;
 - (a) for the purpose of compaction by means of trigger hose.
 - (b) for the purpose of dust suppression.
- **Windows and building facades** - by a bucket or watering can filled directly from a tap (and not by means of a hose) unless it is necessary to do so because of an accident, fire, or other emergency.

In cases of extreme hardship, Council will consider requests for exemptions. If an exemption is issued, it will end if a restriction level changes.

These restrictions are enforceable and penalties, including possible disconnection, will be imposed upon those who do not comply.
