

CHILD CARE

Wanting to return to work, but need childcare?

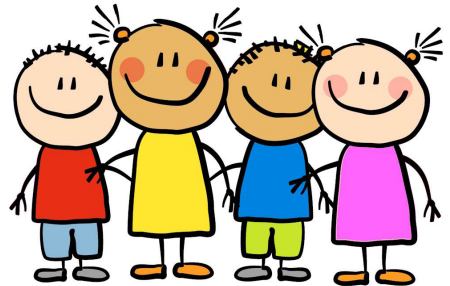

Central Darling Shire Council is seeking

EXPRESSIONS OF INTEREST in Child Care Services

We want to know if there is a need in our communities for Child Care during normal working hours so parents or carers can return to work. If this is something you need and would use please let us know:

- Number of children requiring care.
- Ages of children.
- Your location/town.
- Days & times you would require care.
- Any special needs.
- Your name/phone number if someone needs to follow up for more information.

This is not a promise that Council will provide the service. Your feedback is important because if there is enough demand the next stage will be advocating to find a service provider.

Please email your feedback to: council@centraldarling.nsw.gov.au
